

Natural & Organic

Bee Factor, BEESWAXCREAM FOR SKIN BLEMISHES & DISCOLORATIONS

Bee Factor Beeswax Ointment is an 100% natural solution to target dark spots, uneven tone and radiance. Formulated with besides extract, vitamin C and jojoba oil, it reduces hyperpigmentation, enhances brightness and deeply hydrates. This gentle, effective ointment nourishes, protects and restores skin, leaving it balanced and glowing.

Best Complexion Product

BEE FACTOR, 5IN1 DD FACE CREAM SPF50

This hybrid cream product blends high-performance skin care, sun protection and complexion-enhancing technology into a single step. Unlike traditional complexion products, this complexion item does not just simply cover imperfections – it actively corrects, protects and perfects the skin from within. The product features smart tone-adjusting pigments, which blend seamlessly into any skin tone, giving a radiant, even complexion; while also providing SPF50 protection and shielding against UVA/UVB rays, hyperpigmentation and premature ageing, as well as blue light from screens. In addition, the face cream is infused with hyaluronic acid and an antioxidant complex to keep skin plump, smooth and youthful.

Best Eye Product

Bee Factor, LUMINIQUE essence 5 ADVANCED EYE CREAM

This formula is clinically-proven to target dark circles, puffiness, fine lines, dehydration and loss of elasticity. Tripeptide Complex stimulates collagen production and enhances skin firmness, reducing the appearance of wrinkles. Caffeine extract is an instant energiser, reducing puffiness and dark circles while improving microcirculation. Avocado polyphenols is a powerful antioxidant shield, protecting against oxidative stress and preventing premature ageing, while panthenol (pro-vitamin B5) nourishes and soothes to boost skin regeneration. Oak and green tea extracts shield the eye area from environmental aggressors. The product is equipped with a cooling metal roller applicator too.

Best Cleanser

Bee Factor, FACECLEANSING GEL

Comprising a 98.5% natural formula that claims to gently remove make-up and impurities while hydrating, this pH-balanced, sulfate-free product protects the skin barrier, leaving it fresh and radiant. Natural amino acids and coconut glycosides remove dirt, while panthenol and aloe vera provide long-lasting hydration and skin recovery.

Outstanding Achievement

Bee Factor

Greek cosmetics company Bee Factor delivers pure, high performance and clinically-proven skin care that elevates skin health and radiance. With 98% natural formulas, it combines plant-based actives with next generation peptides. Bee Factor also prides itself on its transparency and its focus on ethical sourcing, sustainable packaging and cruelty-free production.
